

I waited a year after the launch of XM Radio before signing up. If I could do it again, I'd be their first customer. The service, reliability and selection is that good. One of the things I enjoy most is the new weather and traffic info, as I travel the country daily.

I pay a monthly fee to enjoy XM Radio and ALL of it's programming. That includes new channels. Please, please spend America's tax dollars on important issues and NOT on the salaries of Congress and the FCC in an effort to visit and debate over such silly issues.

Thank you.
